

## Partnership for the Goals (SDG 17)

### International Collaboration for the SDGs

Al-Muthanna University actively participates in international collaborations focused on gathering and measuring data related to the Sustainable Development Goals (SDGs). Through partnerships with global institutions, research networks, and international organizations, our faculty and researchers contribute to data collection, analysis, and reporting processes that support SDG progress tracking. These collaborative efforts enable us to share insights, adopt best practices, and contribute to a broader understanding of sustainable development challenges and solutions on an international scale.
